

# BOOTS

## WARMERS 5MM BOOTS WITH FIRM SOLE & ZIP

These heavy duty boots have added ankle and sole support and deep, grippy non-slip treads give solid protection for any type of boating. They are constructed of 5mm stretch nylon II neoprene with a 7mm inner sole for extra warmth and protection. Excellent support for trapezing is provided by the stiff, compression-molded sole with built-in arch. The black boots feature a non-corrosive #10 delrin, heavy-duty zipper, reinforced rubber toe and heel cap, and glued and blindstitched seams and they come in a handy, reusable mesh bag. Sizes run true to size.

## RONSTAN SAILING BOOTS WITH ZIP

Ronstan's CL63L Sailing Boots are comfortable and ultra-light for mild climates and freedom of movement. They have a traditional razor-cut sole for positive grip and side zippers for easy fitting. They feature a durable rubber outer with neoprene lining for warmth and comfort. The reinforced neoprene upper is good for hiking.

## GUL TI-2 5MM STEAMER BOOTS

Purpose designed for windsurfing and kiteboarding. Thinner soles allow feel required for board sports, but they are still good for all-around use. Round toes and poly-twill foot tops are designed for use with footstraps. Neoprene uppers are reinforced at heels and toes. Arch straps prevent ballooning and foot roll issues. Men's sizing runs large. Women should order 2 sizes smaller than normal shoe size.

## GUL TI-2 3MM STRAPPED SLIPPERS

With thinner soles, these slippers are purpose designed for windsurfing and kiteboarding, but they are also good for all-around use. Round toes and poly-twill foot tops are designed for use with footstraps. Neoprene uppers are reinforced at heels and toes and are ideal for crawling on catamaran tramps. Arch straps help hold slippers in place. Men's sizing runs a half size large. Women should order 2 sizes smaller than normal shoe size.

## GUL 3MM POWER SLIPPERS

Economical foot protection! Gul's Power Slippers have thin soles, round toes, and neoprene uppers that are reinforced at heels and toes. An adjustable cord at the foot top aids in keeping the slippers in place. Men's sizing runs a half size large. Women should order 2 sizes smaller than normal shoe size.

# KNEE PADS, CAPS & HATS

## CHOOSING THE RIGHT BOOTS

### First, it's all about "sole":

- Cat Sailors: Thicker and stiffer soles provide needed support.
- Paddlers: Thicker and stiffer are best for walking on rocks.
- Windsurf and Kite: Thinner is better for feel; round toes are less likely to catch on footstrap.
- Surf: Thinner sole with split toe permits most natural feel and balance.

### Boot "uppers" are important, too:

- Cat: Reinforced toes for crawling, side zips for easy entry and exit.
- Paddle: Same as cat, but less critical.
- Windsurf and Kite: Tops should be suitable for footstraps, plus arch strap to prevent boots from ballooning with water.
- Surf: Issues are warmth, "ballooning" and toe (end/top) wear.

## GUL PRO KNEE PADS

Protect your knees! Gul's black knee pads are constructed of 2mm double-lined neoprene with hard-wearing, flexible, textured, kevlar knee protection. Pair. Measurement is 2" above the knee. Size XL has extra-long straps.

\$39.95

## CHOOSING THE RIGHT GLOVES

Gloves prolong sailing by protecting your hands. **Sailing Gloves** for catamaran and dinghy sailing have palms with special reinforcement for handling sheets. **Kiteboarding, Windsurfing or Paddling Gloves** have no reinforcing and are therefore thinner, making the bar, boom or paddle easier to hold. When extra warmth is needed, choose **Gloves with Neoprene**, with the amount of neoprene dependent on the severity of conditions.

## GLOVE SIZE GUIDELINES

Measure the width of your palm just above your thumb.

- XS = 2-7/8"
- Small = 3-1/8"
- Medium = 3-1/2"
- Large = 3-3/4"
- X-Large = 4-1/8"
- XX-Large = 4-1/2"

## GUL NEOPRENE SAILING GLOVES

### Catamaran & Dinghy

These Gul gloves have a neoprene back and a curved anatomic cut that gives optimum fit. Amara palm with foam padding and a grip patch provide a good, comfortable grip. Adjustable hook and loop wrist closure. Choose full-finger style for maximum warmth and protection.

### GUL 1/2-FINGER \$34.95

## GUL NEOPRENE DRY GLOVES

### All Watersports

The ultimate dry construction! 2.5mm neoprene and liquid seams keep your hands warm and dry. Double smooth seals and adjustable hook and loop closures at wrists give added security. Polyurethane palm grips provide durability. Limited to stock on hand.

\$39.95

- 15-6274 Small

## HARKEN BLACK MAGIC™ CLASSIC SAILING GLOVES

### Catamaran & Dinghy

The superior grip of these all-purpose, warm-weather, 3/4-finger gloves lets sailors hand hold sheets longer with less fatigue. The material doesn't curl back on fingers and it wears better than standard synthetic leathers, staying soft after drying. Flexible nylon/Spandex mesh back.

## HARKEN REFLEX SAILING GLOVES

### Catamaran & Dinghy

Sticky, abrasion-resistant Black Magic® palm and finger wraps provide superior grip while maintaining dexterity and freedom of movement. Stretch-woven material and molded-rubber guard strips across the back provide lightweight protection. Reflex gloves also feature protective palm pad, molded-rubber wrist closure, pull-on tab for easy on/off, reinforced fingertips, and mesh vents at base of fingers.

## WARMERS NEO-MESH FULL-FINGER SAILING GLOVES

### Catamaran & Dinghy

Comfortable, flexible all-sport gloves feature backs of 2mm neoprene with lightweight mesh for comfort and ventilation. Synthetic suede palms for good grip, with padding and quilting added on the palm for comfort and durability. Limited to stock on hand.

\$24.95

- 15-2003 X-Small 15-2008 XX-Large
- 15-2007 X-Large

## RONSTAN "STICKY" RACE GLOVES

### Catamaran & Dinghy

Ronstan's "Sticky" gloves reduce fatigue by minimizing the physical effort required to hold rope. They are constructed of Amara® synthetic leather for maximum durability, minimum stretch and shrinkage, and are double-stitched with Aramid thread in high wear areas. Double-thick palm and fingers add protection and grip, while mesh panels ensure flexibility and comfort. Choose 1/2-Finger gloves for cool and comfortable dexterity; choose 3-Finger gloves for extra warmth and protection. Size XXS = ladies' small.

## STOHLQUIST FINGERLESS NEO-MESH GLOVES

### Paddling

Special paddler's glove offers protection and warmth without giving up the feel for the paddle, helping you retain precise feel and control. The fingerless design has a non-slip grip similar to bare hands, wet or dry, and an extreme pre-curve eliminates gripping fatigue. Also feature grippy control surfaces on fingers and palms, built-in terry-cloth wipe on index finger, and off-set seams to eliminate irritation and pressure points.
