

CHOOSING THE RIGHT GLOVES

Gloves prolong sailing by protecting your hands. **Sailing Gloves** for catamaran and dinghy sailing have palms with special reinforcement for handling sheets. **Kiteboarding, Windsurfing or Paddling Gloves** have no reinforcing and are therefore thinner, making the bar, boom or paddle easier to hold. When extra warmth is needed, choose **Gloves with Neoprene**, with the amount of neoprene dependent on the severity of conditions.

GLOVE SIZE GUIDELINES

Measure the width of your palm just above your thumb.

- XS = 2-7/8"
- Small = 3-1/8"
- Medium = 3-1/2"
- Large = 3-3/4"
- X-Large = 4-1/8"
- XX-Large = 4-1/2"

GUL NEOPRENE SAILING GLOVES

Catamaran & Dinghy

These Gul gloves have a neoprene back and a curved anatomic cut that gives optimum fit. Amara palm with foam padding and a grip patch provide a good, comfortable grip. Adjustable hook and loop wrist closure. Choose full-finger style for maximum warmth and protection.

GUL NEOPRENE DRY GLOVES

All Watersports

The ultimate dry construction! 2.5mm neoprene and liquid seams keep your hands warm and dry. Double smooth seals and adjustable hook and loop closures at wrists give added security. Polyurethane palm grips provide durability. Limited to stock on hand.

\$39.95

- 15-6274 Small

HARKEN BLACK MAGIC™ CLASSIC SAILING GLOVES

Catamaran & Dinghy

The superior grip of these all-purpose, warm-weather, 3/4-finger gloves lets sailors hand hold sheets longer with less fatigue. The material doesn't curl back on fingers and it wears better than standard synthetic leathers, staying soft after drying. Flexible nylon/Spandex mesh back.

HARKEN REFLEX SAILING GLOVES

Catamaran & Dinghy

Sticky, abrasion-resistant Black Magic® palm and finger wraps provide superior grip while maintaining dexterity and freedom of movement. Stretch-woven material and molded-rubber guard strips across the back provide lightweight protection. Reflex gloves also feature protective palm pad, molded-rubber wrist closure, pull-on tab for easy on/off, reinforced fingertips, and mesh vents at base of fingers.

RONSTAN "STICKY" RACE GLOVES

Catamaran & Dinghy

Ronstan's "Sticky" gloves reduce fatigue by minimizing the physical effort required to hold rope. They are constructed of Amara® synthetic leather for maximum durability, minimum stretch and shrinkage, and are double-stitched with Aramid thread in high wear areas. Double-thick palm and fingers add protection and grip, while mesh panels ensure flexibility and comfort. Choose 1/2-Finger gloves for cool and comfortable dexterity; choose 3-Finger gloves for extra warmth and protection. Size XXS = ladies' small.

- 21-4855 XX-Large

STOHLQUIST FINGERLESS NEO-MESH GLOVES

Paddling

Special paddler's glove offers protection and warmth without giving up the feel for the paddle, helping you retain precise feel and control. The fingerless design has a non-slip grip similar to bare hands, wet or dry, and an extreme pre-curve eliminates gripping fatigue. Also feature grippy control surfaces on fingers and palms, built-in terry-cloth wipe on index finger, and off-set seams to eliminate irritation and pressure points.
