

SWIVEL CLEATS & BASES

FAIRLEADS & SHEAVES

A-C. SWIVEL 360 CLEATS

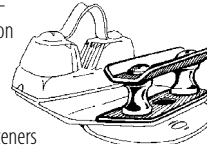

Swivel cam cleats are ideal for main traveler control and up-release jib cleating systems. Use a "heavy duty" swivel for spinnaker sheet control or H-20 main traveler control. Cam cleats and fairleads should be selected on the basis of need. Order plastic base pads and fasteners separately. Small Ronstan swivel features small C-cleat with fast track fairlead and bull's-eye fairlead. Line size: 1/8"-5/16".

- A. 25-3020 Heavy Duty Swivel, Aluminum Cam-Matic® Cleat, Roller Fairlead \$80.00
- 25-3014 Swivel, Aluminum Cam-Matic® Cleat, Bull's-eye \$65.00
- B. 25-3010 Swivel, Carbo-Cam™ Cleat, Bull's-eye \$57.00
- 25-3012 Heavy Duty Swivel, No Cleat, No Bull's-eye \$28.00
- C. 21-0067 Ronstan Small Swivel 360 \$56.70
- 21-0058 Ronstan Large Swivel 360 \$66.20

ROLLER FAIRLEAD

Retrofit bull's-eye fairleads on swivel cams with low friction roller fairleads! Fasteners included.

- 25-3002 Complete Kit \$15.00
- 00-3002-4 Replacement Plastic Roller \$2.50
- 00-3002-3 Replacement Stainless Bushing \$1.60
- 19-2915 Replacement Screw—each \$.36

BULL'S-EYE FAIRLEAD

Stainless ferrule eliminates grooving. Line capacity: 7/16". Mounts with two screws (order separately).

- 25-0323 Bull's-eye with Ferrule \$6.00
- 19-2915 Screw #10-32x1" \$.36

PLASTIC BASE PADS

Use a base pad to mount a cleat on a surface which is not flat, such as a crossbar. Swivels mount on 3-hole plastic base pads. Select bases that are appropriate for the installation. Use flat base pad (#25-3001) to mount swivel cam to flat decks, elliptical pad (#01-0109) for Hobie® (except for H-20) or Prindle crossbars, or round pad (#01-8014) for Nacra and H-20 crossbars.

D. OFFSET BASE PAD KIT

Offset base fits Hobie® and Prindle elliptical crossbars. Includes base and fasteners.

- 07-1162 Complete Kit \$9.25
- Replacement Fasteners:
- 19-1620 Self-Tapping Screw (order 3) \$.34
- 19-1516 Machine Screw (order 1) \$.25
- 19-2016 Nut (order 1) \$.16

E. CONTOURED BASE 2" ROUND

Polyurethane bases provide flat mounting surfaces for mast rotation control cleats, barberhauler cleats, or H-16 jib trim cleats. Use to mount Harken Micro Cleat (#28-0338 or #28-0423), small Ronstan C-Cleat (#21-5000), or Ronstan Small or Large Swivel 360 Cleats (#21-0067 or #21-0058). Each base can be port or starboard, depending on how cleats are installed. #10 FHSMS is an appropriate length. Base is 2" in diameter.

- 01-0109 Fits Hobie® or Prindle Elliptical Crossbar \$5.50

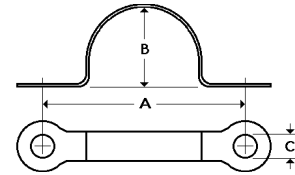

F-G. BASE KITS FOR SWIVEL 360 CLEATS

For Harken®, Hobie® or Murray 360 cleats without swivel base adapters. Kits include one 3-hole base, one swivel base adapter (#25-3001), plus three #10 FHSMS (#19-1626). Ronstan swivel 360 cleats include swivel base adapters, so this kit is not necessary.

- F. 01-0110 Kit fits Hobie® or Prindle Elliptical Crossbar \$9.50
- G. 25-3001 Swivel Bar Adapter \$3.00
- 19-1626 Replacement Screw: #10 x 1.5" FHSMS \$.36
