

TRAMPOLINES & ACCESSORIES

Last update Dec. 2009: Click here to go to the Murrays Online Store for current information

BLACK MESH TRAMPOLINES

Heavy duty, black, polypropylene mesh material is durable and practical. Not only is it nearly impervious to environmental degradation, it will not let water pool. These aftermarket tramps differ from Hobie® factory tramps because they are stitched instead of heat welded. Black mesh tramps for Hobies® are a 3-piece design with an extra-wide aft lacing strip; mesh tramps for most other cats are 1-piece. Non-factory tramps for Hobies® are not class legal for racing. Lacing kit is not included.

Black Mesh Tramps for Hobies®

30-3100	Wave Club	\$285.00
30-3101	H-14 with Turbo	\$310.00
30-3102	H-16	\$325.00
30-3103	H-18	\$345.00
30-3103-1*	H-18 Magnum Wings	\$305.00
30-3104	H-17 3-Piece (no straps)	\$320.00
30-3104-1	H-17 Wing (pr)	\$232.00
30-3106*	H-20	\$436.00
30-3105	H-21SE (the wide one)	\$390.00
30-3105-1	H-21SC/18SX Wings (pr)	\$322.00
30-3091	Getaway Forward	\$265.00

Black Mesh Tramps for Nacra

30-3141*	N-5.0	\$340.00
30-3143*	N-5.5SL	\$396.00
30-3144*	N-5.7	\$378.00
30-3145	N-5.8	\$363.00
30-3146*	N-6.0	\$396.00

Black Mesh Tramps for Other Cats

30-3171*	Sol 15	\$340.00

30-3184*	Freestyle 474	\$379.00
30-3186*	Venture 15	\$376.00
30-3190*	Super Cat 17 old style	\$529.00
30-3191*	Super Cat 17 new style (aft slide)	\$436.00

Also available: G-Cat, Mystere, Dart.

OVERSIZED SHIPPING RATES MAY APPLY TO TRAMPOLINES, ESPECIALLY FOR AIR SHIPMENTS

Black Mesh Tramps for Prindles

30-3121*	P-15	\$362.00
30-3122	P-16	\$375.00
30-3123	P-18, Escape	\$390.00
30-3124*	P-18.2 & P-19	\$419.00

* Special orders: Allow 2 to 4 weeks for delivery. Custom tramps: We use your old tramp as a pattern.

ONE-PIECE BIAS-CUT TRAMPS

One-piece tramps provide a smooth, uncomplicated deck. All of these bias-cut black mesh tramps include an 11"x12" pocket, adjustable hiking straps and lacing line flap on Nacra/Prindle 19's. Two-year warranty on workmanship and materials. All are special order; please allow 2 to 4 weeks for delivery. Please call regarding available options.

30-3101-1	H-14 1-Piece Bias	\$340.00	30-3142-1	N-5.2 with hull # greater than #520-72" wide	\$380.00
30-3102-1	H-16 1-Piece Bias	\$371.00	30-3143	Nacra 5.5 1-Piece Bias	\$396.00
30-3104-2	H-17 1-Piece Bias	\$330.00	30-3145	Nacra 5.8 1-Piece Bias	\$363.00
30-3103-2	H-18 1-Piece Bias	\$385.00	30-3161	Trac 14 1-Piece Bias	\$309.00
30-3142	N-5.2 with hull #520 or less - 74" wide	\$379.00	30-3162	Trac 16 1-Piece Bias	\$363.00

CHOOSING LACING FOR YOUR TRAMP

SHOCK CORD

For recreational sailors, shock cord is usually the better choice over line tramp lacing. Just "set it and forget it" because shock cord maintains the tension you set when lacing your tramp. Shock cord also reduces tramp and grommet wear because the load is spread over multiple grommets, especially when walking on the tramp. The latest technology shock cord used in our kits is designed for durability and longevity.

LINE

Line offers a longer-lasting option over shock cord and is the better choice for sailors who prefer a very tight tramp. As the line stretches slightly over time, sailors can re-tension the tramp lacing to their liking. Our standard kits include black, abrasion-resistant low stretch line.

For an alternative favored by racers, tramp line kits with smaller diameter, high-tech Dyneema® line are also available. Not only is Dyneema® line stronger and lighter in weight than 8-strand line, it has almost no stretch and has excellent ultraviolet and abrasion-resistance properties. Race kits include gray, 3mm and 2mm Dyneema® line as specified at right.

H-14/16/18 LACING KITS LINE KITS

Line kits contain three lengths of line (one piece 19'; two pieces 14') and lacing instructions.

01-2242	Standard- 3/16" 8-Strand Low-Stretch Black Line	\$22.00
01-2242-1	Race- 3mm Dyneema® Gray Line	\$30.00

SHOCK CORD KIT

Our shock cord kit contains cinch rings and 35' (15' + 2 x 10') of 3/8" premium shock cord, enough for H-14, 16 or 18 tramps, plus instructions.

01-2241	\$45.00
---------	---------

PRINDLE LINE LACING KITS

The P-15/16/18/Escape kit includes two 11' lengths and two larger diameter 10'6" lengths. The P-18.2/19 kit has two 19' lengths.

01-2246	P-15/16/18/Escape Standard- 5/32" & 3/16" 8-Strand Low-Stretch Line	\$16.50
---------	---	---------

01-2246-1	P-15/16/18/Escape Race- 2mm & 3mm Dyneema® Line	\$23.00
-----------	---	---------

01-2248	P-18.2/19 Standard- 3/16" 8-Strand Low-Stretch Line	\$18.00
---------	---	---------

01-2248-1	P-18.2/19 Race- 3mm Dyneema® Line	\$24.00
-----------	-----------------------------------	---------

TRAMP SLUG SLIDE

Use for lacing tramp to rear crossbar to eliminate the need for an aft lacing strip. The slug can also be used in sail track.

56-9892	\$3.00

FACTORY REPLACEMENT TRAMPS

Hobie® trampolines are available in white solid or colored mesh vinyl and are heat welded for longevity. For Hobie Cat® class racing, factory replacement tramps are the only class-legal choice. In choosing a tramp, keep in mind that vinyl tramps keep sailors drier; mesh allows the wind and water to flow through, preventing puddling and helping to prevent mildew. Lacing kit is not included except where noted. Check with us regarding availability of other factory tramps.

H-14 3-Piece

50-10970000	White	\$360.00
50-10970055	Black Mesh	\$466.00

3M MARINE VINYL CLEANER/ RESTORER

Cleans, shines, conditions and protects in one easy step. Deep cleans dirt and grime from vinyl, rubber and plastic surfaces while leaving behind a natural carnauba wax protective coating. 15 oz. spray.

40-9023	\$13.99
---------	---------

TRAMP CLAMP™

Minimize chafing at trampoline stress points and reduce the possibility of the trampoline pulling out of the aluminum extrusion. Clamps slide into the aluminum extrusion track. 10 pieces, 1.5" long. By Tren Tec.™

12-0010	\$9.25
---------	--------

HIKING STRAP WEBBING

Black webbing is 2" wide and is sold per foot.

30-3520	\$1.50
---------	--------

WHY USE NON-SKID?

The single greatest obstacle to successful high wind performance sailing is lack of proper footing. Adequate deck and sidebar traction for sitting or standing is needed for sailing in even light to moderate wind. Properly placed footstraps are essential for secure footing in high wind and choppy water. To help prevent sailors flying forward, consider a righting line that doubles as a preventer.

SUREFOOT EVA GRIP KITS

These lightweight, water-resistant EVA foam strips are unmatched in durability. Kits include black, waffle-textured, Hydro-Turf™ EVA foam strips, adhesive and brush. H-14/16 kit includes four 4"x40" strips; universal kit has six 3"x50" strips.

30-2103 H-14/16 \$44.50
30-2104 Universal \$52.00

HYDRO-TURF™

Hydro-Turf™ with 2-way, machine-cut grooves (waffle pattern) is 3/16" thick, offers the best traction, and is very flexible. Apply with contact cement. Comes as 40" x 50" sheet; half (20" x 50") and quarter sheets (10" x 50") are also available at a proportional price.

41-2991BK Black \$65.00
41-2991BL Blue \$65.00
41-2991GR Grey \$65.00
30-2011 Contact Cement— 1/2 Pint \$11.95
30-2020 1" Bristle Brush \$1.00

PADDED HIKING STRAP COVERS

These durable, black, nylon covered foam pads attach to hiking straps for more comfortable hiking out. Full length Velcro® fasteners make these covers easy to install and secure. 2" ID x 14". Pair.

30-3501BK \$26.00

CATAMARAN FOOTSTRAP KIT

These 6" adjustable straps feature 7mm neoprene padding to comfortably accommodate bare feet or sailing shoes. Their pre-formed arch eliminates collapsing and the exterior hook and loop closure system allows for quick and easy adjustment. Drilling instructions and self-tapping screws are included. Pair.

01-2015 \$38.00

NON-SKIDTAPE

This self-adhesive tape makes a nearly permanent non-skid surface on water-slick decks or anywhere safe footing is a concern. The embossed texture is long-lasting and less abrasive than other treads.

30-1352BK Black 2" x 20' roll \$16.95
30-1352 White 2" x 20' roll \$16.95

RE-DEK™ TRACTION SYSTEM

A quick and easy way to obtain a permanent, professional-quality traction for hull decks, etc. Eight ounces of this extra gritty, ultra-clear, non-yellowing formula covers approximately 18 sq. ft. Dries in two to three hours. Gallon size has no tray or roller.

40-2010 Kit with 8 oz. \$23.95
40-2011 Gallon— Formula Only \$89.00

H-14/16/18 LINE CATCHER

Prevent the mainsheet from falling into the gaps in the center or rear lacing by installing an 8" x 72" strip of mesh trampoline material between the grommets. The existing lacing does not need to be undone. Includes tie line.

30-3530 \$29.00

ARRIBA HIKING STICKS

These are the strongest, simplest and most popular sticks on the market. They feature a crosshatch textured grip with molded rubber end and a locking mechanism that has no moving parts. Integral cams lock one way and release the other. These black sticks are available in 3 fiberglass models and one carbon model. Includes yoke assembly. Fiberglass sticks are class legal for Hobie® racing, but carbon sticks are not.

FIBERGLASS FX-03

For H-16 and 18, Turbo 14, Prindle®, Nacra® and 8' wide boats where the skipper will be trapezing. Extends from 50" to 91". 31 oz.
44-FX03 \$147.00

FIBERGLASS FX-04

For all 8-1/2 to 10' wide boats where the skipper will be trapezing. Extends from 58" to 108". 34 oz.
44-FX04 \$154.00

FIBERGLASS FX-06

For H-17/18 with wings or other 12' wide cats. Extends from 63" to 117". 37 oz.
44-FX06 \$160.00

OVERSIZED SHIPPING RATES APPLY

CARBON CX-06

Carbon is the choice when you want a hiking stick that is even stronger and lighter than fiberglass. For H-17/18 with wings or other 12' wide cats. Extends from 62" to 117". 25 oz. Not Hobie Class legal.
44-CX06 \$360.00

OVERSIZED SHIPPING RATES APPLY

REPLACEMENT GRIP

Factory replacement for Arriba sticks.
44-0001 \$5.00

CORK BALL GRIP KIT

Replaces the stock Arriba, Murray or Hot Stick end grips. Pre-drilled, lightweight and easy to hold. Adhesive included.
44-0002 \$11.75

TIP Some sailors like to "caramel-coat" the cork ball with leftover epoxy to make it last longer. Order more 2-part epoxy as needed.
00-0002-1 Epoxy Only \$2.25

MURRAY ALUMINUM SILVER HIKING STICKS

These silver-anodized aluminum sticks feature the most positive twist-locking device available. The shaft is constructed of aircraft grade 6061 T-6 aluminum, which is lighter in weight and more economical than fiberglass, but less durable. The yoke assembly is strong and serviceable. Not legal for Hobie® class racing.

SILVER STICK 40" - 96"

This 3-piece tiller extends twice and is for all 8' wide cats where the skipper will be trapezing. Unique 3-piece design retracts so it does not extend beyond tiller crossbar, making it very handy when sailing near docks or other boats. Three-piece design requires good technique and practice to operate properly. (Originally designed for Sol Cat 18.) 23 oz.
01-1331 Stick \$70.00
01-0066 Replacement Plug— 1-1/8" OD \$6.00

SILVER STICK 42" - 72"

For all 8' wide boats where the skipper will not be trapezing. Extends once. 17 oz.
01-1311 Stick \$60.00
01-0065 Replacement Plug— 1" OD \$5.50

SILVER STICK 54" - 96"

For all 8' wide boats where the skipper will be trapezing. Extends once. 20 oz.
01-1321 Stick \$65.00
01-0065 Replacement Plug— 1" OD \$5.50

YOKE ASSEMBLY

Replacement parts for all sticks sold by Murrays.
01-0062 Yoke with Spacer \$9.00
01-0061 Contoured Spacer Only \$8.00

A-C. QUICK RELEASE PINS

For a quick connection of hiking stick to tiller crossbar. One-hand release; just push the button, then pull. 1/4" x 1-1/4". Detent pin has no button to push and is not positive locking.
A. 18-4D125 Detent Pin \$8.00
B. 18-4R125 Standard Pin \$21.00
C. 18-4M125 Deluxe Pin \$27.00
