

THE ABC'S OF WATERSTARTING

Dasher writes monthly articles for Windsurfing Magazine and has run a highly successful lesson program at Vela Windsurf Resorts' Aruba location for years. He has finally put all that video experience to work in an impressive and highly polished new production. The waterstart is broken down into three steps: Gear Set-up, Fly the Sail, and Mount the Board. Common mistakes are covered and corrected, and the effects of light or heavy winds are described. You will not find a more complete, clear, and concise lesson on the waterstart anywhere... except perhaps on the beach in Aruba. 59 minutes.

45-2178 DVD \$29.95

THE TWELVE STEP JIBE WITH DASHER

A pivotal moment in any windsurfer's career is learning to jibe. It has never been made easier than with this video. The 12 Step Jibe will show you all the movements and help you solve common problems. This is Dasher's newest release and builds on the lessons taught in the ABC's of Waterstarting. The DVD contains core four lessons: the Set Up, the Initiation, the Foot Change, and the Sail Flip. Includes bonuses like Evolution of the Jibe and Jibe Meditation to round out this great video.

45-2177 DVD \$29.95

WINDSURFING 101

The instructors at Naish Hawaii, Hawaii's oldest windsurfing shop, will make you feel like you're getting a hands-on lesson along the shores of Kailua Bay. They'll start you off by covering safety, gear and wind knowledge. Then you'll do some dry land practice before heading out for three thorough on-the-water lessons. Step-by-step instruction, slow motion, stop action, and helpful graphics will make learning fast, easy and fun. 60 minutes.

45-2174 DVD \$29.95

SPAM 2.0

This DVD takes you across the globe to some of the best locations windsurfing has to offer. The action includes epic freesailing and world cup sections. With massive jumps, waves, the latest moves or hard crashes, this DVD has it all. Almost 60 minutes with bonus material that includes interviews and behind-the-scenes looks with the pros.

45-2163 DVD \$34.95

PLUG N' PLAY

This video elevates windsurfing right back up among the top extreme sports to watch. It's a pure windsurfing video with 90 minutes of the most amazing, up-to-date and radical freestyle and waveriding action, exotic locations, polished editing, and a great soundtrack. Parental warning: Some foul language lyrics and a few "raunchy" scenes.

45-2165 DVD \$34.95

WINDSURFING BOOK: THE SKILLS OF THE GAME

This book teaches how to get started, how to improve, and how to acquire more advanced techniques. Includes a special section on competition. Illustrated throughout with photos and explanatory diagrams. Invaluable advice for windsurfers of all ages and abilities. ©1994. Paperback. 128 pages.

DAKINE DA KINE HARNESSES

Da Kine offers a range of harnesses to make your sailing as comfortable and secure as possible while accommodating a wide variety of sailing styles. Whether you prefer a seat or waist harness, all of Da Kine's harnesses are built with attention to fit and function. They are crafted with the best materials available and designed with the assistance of the world's best sailors.

QUICK RELEASE POWER CLIP BUCKLE

Stainless system connects instantly and securely to both ends of the spreader bar. Webbing then connects to the Quick Release (and not the bar ends), making for ultra-smooth adjustment and greatly reduced bar roll. Narrow bend and stamped bars for added strength. System works equally well for right or left handed entry and release.

32-1028 Replacement Power Clip Buckle—Pair \$30.00

POSI-LOCK BUCKLE SYSTEM

The revolutionary Posi-Lock Buckle System offers a non-slip, unbreakable closure system. Corrosion-resistant stainless steel.

DUAL POSI-LOCK

The Dual Posi-Lock allows for the replacement and readjustment of the spreader bar webbing without having to send the harness in for repair.

INDEPENDENT POWER BELT

The Independent Power Belt incorporates an elasticized primary belt for increased comfort and performance. This belt provides total closure security, as well as back and side support, giving the sailor a positive harness positioning.

DA KINE T4 WAIST

Da Kine's thermoformed waist harness has a unique, three-piece outer design that provides maximum flexibility and support. It has a molded anatomical 3-D shape with a dual density inner and features a lightweight equalizer patch design, internal batten support, and an independent primary and secondary Power Belt for a super secure fit. This harness enables a sliding spreader bar and utilizes the Dual Posi-Lock system for secure, non-slip tensioning. Order spreader separately.
