

STREAMLINED UNIVERSALS & EXTENSIONS

A-C. QUICK-LOCK SYSTEM

This double-strong, two-bolt, quick release system has set a new standard for its low profile design, strength and security. The universal is extremely low and the base cup height is the lowest of any high performance universal. It is easy to use and exceptionally strong. Stainless steel, sliding lock plate with a large diameter stainless steel lock button.

- A. 03-2300 Quick-Lock with Base Cup \$92.95
- B. 03-2399 Quick-Lock with Euro Pin \$91.95
- C. 03-2323 Plate Only \$36.95
- 03-2324 Uni with Base Cup for Quick-Lock \$67.95
- 03-2325 Uni with Euro Pin for Quick-Lock \$65.95
- 03-0198 Channel Insert 6mm Stainless \$2.00
- 03-0199 Flat Head Machine Screw 6mm \$1.50

TENDON JOINT

Streamlined's tendon universal joint system is the only one with a true four-line safety system. You can retrofit virtually any system to the original tendon. Includes tendon joint with 8mm studs, washers and nuts.

- 03-2220 \$36.95
- Replacement Parts**
- 03-0200 Tendon Urethane 2-1/16" - 1994 to present \$13.50
- 03-0203 Tendon Screw with Nut - 1994 to 2006 (fits cast aluminum cup) \$2.00
- 03-0223 Tendon Screw with Nut - 2007 & later (fits machined cup with flat sides) \$1.95

EURO PIN ONLY

This pin fits most Euro-style extensions.

- 03-0299 \$10.95

D-F. TWIST-ON SYSTEM

It is adjustable without tools, always centered, and has a very low profile. The ultra thin base keeps the base cup as close to the deck as possible.

- D. 03-2222 Twist-On without Base Cup \$54.00
- E. 03-2000 Twist-On with Base Cup \$81.95
- F. 03-2099 Twist-On with Euro Pin \$76.95
- 03-0205 Twist-On Keyhole Plate \$10.00
- 03-0196 Insert - 8mm Heavy Duty Stainless Steel \$1.50
- 03-0197 Insert - T-Nut 8mm Brass \$3.00

BEWARE OF IMITATIONS!

Streamlined tendons are the only ones that offer the quality, strength and reliability that go with the Streamlined name.

STREAMLINED REDLINE EXTENSIONS

Streamlined's REDLINE extensions are engineered to be used even at the highest mast setting, so they are extra versatile. Set them at their full heights with confidence! Redline extensions are evolved from Streamlined's popular Super-lite line that was tried, tested, and proven for years. They start with their own unique 6061 T-8 drawn aluminum tubing, made in the U.S.A. All are anodized red, inside and out, and have numbered increments every two centimeters. Select an extension based on the diameter of your mast and if it will be attached to a U.S. base cup or a Euro pin, then choose either a short or long model. Upgrade to ball bearing pulleys for easier downhauling, especially with race sails. All have a secure, foolproof adjustment pin tethered to a stainless steel reinforced nylon collar and incorporate Streamlined's powerful "Quick-six" downhaul cleat system and low-stretch downhaul line.

All Euro pin models incorporate Streamlined's new latch system.

STREAMLINED TRIPLE BLOCK

Streamlined developed this triple block for even easier downhauling. It clips, gap-free, to the tack grommet or triple brackets found on most sails. It has three ball bearing sheaves to reduce friction, perfectly aligned for the Quick-Six. This triple block, combined with the Quick-Six with brass or ball bearing sheaves, is incredible. Super powerful, easy and simple!

- 03-2623 With Brass Sheaves \$23.00
- 03-2623B With Ball Bearing Sheaves \$36.00

P-Q. QUICK-SIX DOWNHAUL CLEAT

Streamlined's Quick-Six downhaul cleat originally incorporated large diameter brass sheaves. In 1998, ball bearing sheaves were introduced as an option. This design further reduces friction, so even more sailors can rig without tools or devices. The Quick-Six rigs rapidly, requires no threading at the cleat, and provides 6 to 1, no-crossover purchase power. Available on Streamlined's extensions or a la carte for an easy bolt-on upgrade for most mast bases.

- P. 03-2621B Quick-Six with Ball Bearing Sheaves \$35.95
- Q. 03-2621 Quick-Six with Brass Sheaves \$22.95

STREAMLINED BOOMS & ACCESSORIES

STREAMLINED "STRAP-ON" BOOM HEAD

Streamlined's ground breaking innovation gives higher performance by providing a super positive boom-to-mast connection! The urethane bushings protect your carbon mast and boom and prevent slop. The Strap-On Boom Head is very easy to attach to the mast and it doesn't slip. Although the boom head weighs only 13.5 oz. (Hawaiian Proline is 12 oz.; Fiberspar is 13 oz.), it is incredibly strong. It is constructed to last with a durable aluminum frame, stainless steel clamps and replaceable heavy duty webbing. The boom head is no longer the weakest link in the rig!

For Standard Diameter Masts (Blue)

03-4000-0 For Hawaiian Proline or Gulf Tech Boom 37mm \$139.95

03-4000-2 For Neil Pryde Boom 35mm \$149.95

03-4000-4 For Fiberspar Boom 39mm (minor modification) \$149.95

For Reduced Diameter Masts (Purple)

03-4100-0 For Hawaiian Proline or Gulf Tech Boom 37mm \$139.95

03-4100-2 For Neil Pryde Boom 35mm \$149.95

03-4100-4 For Fiberspar Boom 39mm (minor modification) \$149.95

Replacement Bushings for Boom Tube

Urethane bushings cushion and isolate the boom head from the boom tube. These are replacements only, as bushings are included with strap-on boom head. Package of 4 is enough for one boom.

03-0400 Bushings— For Hawaiian Proline or Gulf Tech Boom \$16.00

03-0402 Bushings— For Neil Pryde Boom \$22.00

03-0404 Bushings— For Fiberspar Boom \$22.00

Replacement Parts

03-0420 Replacement Strap \$6.75

03-0421 Stainless Clip for Boom Strap \$8.95

STREAMLINED WINDOW STICKER

3-1/2" x 5-1/2" sticker is grey and white on clear background and has adhesive back.
03-8010 \$1.50

STREAMLINED TRUE PERFORMANCE BOOMS

Streamlined's pre-preg carbon fiber booms are excellent for surf sailing, jumping, freestyle, and all fun high wind sailing. A unique exaggerated straight section up to the front curve so the front hand can be powerfully and comfortably overhand and ergonomic. Nearly 100% high modulus prepreg carbon fiber, small diameter body with a super lightweight carbon tail piece, combine to make the stiffest, lightest, strongest boom possible. Each boom has a 50 cm range with settings every 2cm. Standard on the Josh Angulo Boom is Streamlined's own "Strap-on" boom head and their thin and tough "Progrid" HTR (high tear resistant) grip. This boom, with its innovative curve, ultra light tail, rigid head and super easy grip/diameter, represents a whole new level of performance. All booms are also available with RDM boom heads; add the letter "R" to item number.

JOSH ANGULO TRUE PERFORMANCE WAVE BOOMS

03-4140 140 to 190cm – approx. 2.0 kg \$979.95

03-4155 155 to 205cm – approx. 2.1 kg \$989.95

03-4170 170 to 220cm – approx. 2.3 kg \$999.95

POWER GRAB TRUE PERFORMANCE SLALOM BOOMS

Wider for speed and slalom.

03-4175 175 to 225cm – approx. 2.3 kg \$1349.95

03-4195 195 to 245cm – approx. 2.4 kg \$1369.95

NOLIMITZ MASTS

NOLIMITZ

THE "ORIGINAL" SKINNY

Handmade from the best designs using the best materials, this is the ultimate windsurfing mast. It is the lightest, strongest, most responsive mast you will ever own. The NoLimitz Skinny mast led the movement to smaller diameters in carbon masts and is the mast of choice for the sailor who wants the absolute lightest mast possible without sacrificing durability. Discover what insiders have known for over 15 years: Nolimitz masts rule! Includes boom adapter. Ships by FedEx or UPS as an oversized item.
