

CHINOOK RIG WINCH

Launch sooner and sail longer with this portable downhaul crank! It is ultra-powerful, so it's easy to precisely tune sails and cleat the downhaul line in exactly the right position. Includes a pin for compatibility with Euro pin systems and a built-in base cup that fits most base cup systems except newer Streamlined.

03-4002 \$48.00

A-J. RACE BOARD DOWNHAUL

| | Slot Pan Head | \$.34 |

SKEG SAVER™

Patented fin protection system. Breakable plastic slide is used to replace the metal slide on adjustable fin boxes. Greatly reduces or eliminates costly damage from fin contact with underwater obstructions. Will not pre-release.

43-3007 \$6.95

EASY RIGG

Downhaul tool, halyard tensioner and shackle tool. Metal teeth grip 3/32"-3/16" line diameters. Easy to grip and pull. Assorted colors prevent loss. Display: 25/case.

01-0010 \$9.50

POWER GRIP I BY CLAMCLEAT®

The CL261 Power Grip 1 is for single-handed use. It allows you to pull twice the load compared to using your bare hand and is equally suitable for right- or left-handed use. Line pulls from center of tool. The anodized aluminum tool features two sets of grip cleats to grip 1/8"-1/4" diameter lines. 3-3/4" long.

27-0261 \$16.95

POWER GRIP II BY CLAMCLEAT®

The CL262 Power Grip 2 is for two-handed use where even more pulling power and control are required. It is light, strong and convenient to carry in your pocket. The anodized aluminum tool grips 3/32"-1/4" diameter lines.

27-0262 \$28.50

3- AND 4-ROLLER HOOKS

All-metal blocks feature cast aluminum hook and body with stainless steel rollers and shaft. Strong!

- | | | |
|---------|---------------|---------|
| 27-5628 | 3-Roller Hook | \$14.50 |
| 27-5729 | 4-Roller Hook | \$15.50 |
