

# KITEBOARDING HARNESSSES

## DAKINE

### DA KINE KITEBOARDING HARNESSSES

Da Kine's innovative designs result from their over 20-year history of product development, on-the-water experience, and input from their extensive group of team riders.

### INDEPENDENT POWER BELT

The Independent Power Belt incorporates an elasticized primary belt for increased comfort and performance. This belt provides total closure security, as well as back and side support, giving the sailor a positive harness positioning.

### QUICK RELEASE POWER CLIP BUCKLE

Dual stainless system connects instantly and securely to both ends of the spreader bar. Webbing then connects to the Quick Release (and not the bar ends), making for ultra-smooth adjustment and greatly reduced bar roll. System works equally well for right or left handed entry and release.

32-1028 *Replacement Power Clip-Buckle-Pair* \$30.00

### POSI-LOCK BUCKLE SYSTEM

The revolutionary Posi-Lock Buckle System offers a non-slip, unbreakable closure system. Made of corrosion-resistant stainless steel.

### DUAL POSI-LOCK

Same as above, but Dual Posi-Lock allows for the replacement and readjustment of the spreader bar webbing without having to send the harness in for repair.

### COLORS

Color selection varies and colors shown may not always be available. Please call for current color selection.

### DA KINE SIZING

Harness Size	Waist Size
XS	28" (71 cm)
S	30" (76 cm)
M	32" (81 cm)
L	34" (86 cm)
XL	36"-38" (91 cm)

*Not all sizes are available in all styles. Nitrous harnesses are sold by waist size.*

### DA KINE NITROUS SHORTS

#### Kite/Windsurf Crossover

Da Kine's Nitrous integrates years of harness development and technology with the styling and comfort of boardshorts. The kite/windsurf crossover Nitrous has an 8-point load dispersion system to keep you comfortable. Constructed of lightweight, quick-dry fabric, it features Da Kine's PowerClip buckle system, an ultra-comfortable, internal leg strap, grab handle, stainless steel leash attachment rings, and a side pocket. An adjustable waist buckle and zipper ensure comfortable, secure fastening. Assorted colors as available. Order spreader separately.

## DA KINE KINGPIN SPREADER BAR

Quickly connect and disconnect! Da Kine's 10" stainless steel Kingpin design is overbuilt for undeniable strength. Horizontal pull keeps the bar down. Compatible with all 2008 Da Kine "Power Clip" harnesses.

01-0180 10" \$45.00

## DA KINE SPREADER BAR PAD

Da Kine's spreader bar pad is compatible with all Da Kine harnesses. Its 3/4" (10mm) padding protects ribs and the pad helps prevent bar lift. A centered pocket gives quick access to your knife (sold separately).

32-1035 6" \$22.00

32-1037 10" \$22.00

32-1039 12" \$22.00

## DA KINE HAMMERHEAD KITE SPREADER BAR

Da Kine's spreader features a unique hammer-head, kite-specific design, with a new shorter hook for better control and a new crossbar for hold-down webbing strap. Constructed of marine-grade non-corrosive stainless steel.

01-0157 6" \$23.00

01-0158 10" \$23.00

01-0159 12" \$23.00

## DA KINE PIVOTING HAMMERHEAD KITE SPREADER BAR

The Pivoting Hammerhead was designed specifically for kite use and features an articulating hook that reduces pressure on bar ends. Stainless steel construction.

01-0160 10" \$28.00
