

KITEBOARD FOOTSTRAPS & PADS

X-LACE KITE FOOTSTRAPS

With the X-Lace's on-the-fly micro-adjustability, strap size can be easily fine tuned for the ultimate in control and performance. The single side entry straps are constructed of molded dual-density foam with a pre-formed arch that prevents collapsing. Lace-up tensioners form to your foot. Pair.
32-1320 \$50.00

X-LACE WAVE FOOTSTRAPS

The X-Lace Wave footstraps have an asymmetrical shape for ultimate control. Their dual side entry is perfect for surfboards. Constructed of molded dual density foam. Lace-up tensioners form to your foot and pre-formed arch prevents collapsing. Pair.
32-1322 \$50.00

CONTROL STANDARD FOOTSTRAPS

With comfort and maneuverability in mind, these single-side-entry straps feature an anatomical 3-D shape and an extra-wide design which spreads pressure over the entire foot. They feature internal hook and loop adjustment and single or double insert compatibility. Pair.
32-1350 \$60.00

CRIMINAL ADJUSTABLE FOOTSTRAPS

Criminal adjustable footstraps offer a wide strap adjustment range with an external Velcro® strap for easy adjustment. Asymmetrical design for added support and comfort. Pair.
54-4421 \$35.00

NSI PROTON ADJUSTABLE KITE STRAP

NSI's original kite specific dual-entry footstrap has morphed into the Proton Kite Strap. The design offers all the comfort of the original Adam footstrap, with added convenience of NSI's unique cam buckle adjustment system for fast and easy customized size adjustment. Super lightweight performance, with a large adjustment range and easy "on the fly" adjustment. Pair.
54-9054 \$52.00

NSI RATCHET FOOTSTRAPS

With an integrated ladder strap and ratcheting buckle, this dual-entry footstrap has a huge range of adjustment and the ability to completely cement your feet to your board. Black. Pair.
54-9055 \$55.90

A-B. CABRINHA SYNC FOOTSTRAPS

The Sync delivers the type of support you'd expect from a binding with the ease of use of a footstrap. Its lightweight, backless binding strap, wide Dyneema laces, and neoprene inner give a positive connection between rider and board for control and comfort. Easy attachment with $\pm 12^\circ$ of angle adjustment. Pair.

A. 54-2200 Footstraps \$48.00
B. 54-2219 Backless Bindings with Footpad \$119.00

DA KINE BOOST DECKPADS

Da Kine's Boost deckpads are molded of a shock absorbing, dual-density compound for soft landings. A directional traction pattern and built-in arch support provide comfort and maximum grip. Mounting plate for easy installation. Pair.
32-1354 \$50.00

NSI SURFACE MOUNT FOOTSTRAP INSERTS

Set of four footstrap insert plates with specially formulated 3M® peel-and-stick adhesive for use on surface of surfboards. Includes screws.
54-9064 \$39.95

CLEAR GRIP

Peel-and-stick Clear Grip traction! UV protection for your board that replaces or enhances wax. Each translucent piece is 10-1/2" by 18" by 1/16" thick and weighs only 1 ounce. The Clear Grip formula features a skin-friendly texture that provides excellent water-wet traction with or without wax. Stickier when wet. Clear Grip resists heat from sun exposure to keep deck cool and comfortable, while also preventing wax from melting.
54-9104 4-pack (suggested for 6' board) \$34.00
54-9106 6-pack (suggested for 7' board) \$51.00

DA KINE SHOCK PAD

Da Kine's one-piece Shock Pad features a 10mm center arch and steep 24mm rolled tail kick.
32-1363 \$39.00

C. NSI SURF 'N SKIM PADZ

Put footstraps on any surf or skim board using these pads with built-in threaded footstrap inserts. Peel and stick installation using specially formulated 3M adhesives. No need to drill into your board! Remove the straps for strapless kiting or surfing; screw them back on for strapped kiting or tow-in surfing. Sold as a set (front and rear).
54-9065 \$106.95

D. NSI SURF PAD SYSTEM

The Surf Pad System is comprised of multi-piece rear and front pads. Both front and rear pads feature a center section with two sets of inserts in a 2x4 pattern that will cover most any footstrap position desired. The 5-piece rear pad set has a kick tail and soft arch bar, while the 7-piece front pad set is flat between the inserts and covers a larger area of the board for improved strapless riding and jibing. The pads are made of multiple pieces so the layout can be optimized for a wide range of boards and riders. Beveled edges release water and eliminate peel. Installation is easy and each pad mounts individually.
54-9066 \$121.95

NSI SUPER SURF KITEBOARD PADZ

Full size surfboard deck Padz with easy peel-and-stick installation. Waffle traction in assorted colors as available. 34" x 15".
54-9108 Single Density \$46.95
54-9108-1 Dual Density \$53.95
