

SUP BOARDS, PADDLES & ACCESSORIES

Last update Dec. 2009: Click here to go to the Murrays Online Store for current information

SAMOA SUP INFLATABLE BOARD

This big, stable (10'10" x 29" x 4") board was made to travel! Deflated, rolled and packed in its own backpack, it weighs less than 30 lbs. complete, and you can take it anywhere. It fits in a small car and/or can be checked as normal size airline baggage. Inflate the SAMOA with included pump in about 4 minutes, then you are ready to explore lake shores, bays, rivers with the perspective of your full height, which gives a much better view and is more comfortable than paddling from a sitting position. Some folks have fun in Class I, II or even III rivers and/or surf small waves. Stand-Up Paddling is great exercise for the whole family as it helps to develop balance and upper body strength. The soft board is safer than hard boards and it is more comfortable to paddle in the prone or kneeling positions as may be required if conditions get windy or rough.

CAUTION: Keep board tethered! Wear a leash to prevent loss of board in wind or current!

NOTE: A life jacket may be required anyplace other than in swimming or surfing areas.

Ideal inflation: 8 - 12 psi. (20psi max!), but pressure over 4 psi works for all except heavier paddlers. Ideal paddler weight: Any weight to 200+ lbs. for flat water. Lighter paddlers do better as the conditions get rougher.

62-0201 \$695.00*

*Special: Add a Kona 2-piece paddle #62-0402 for only \$100 (a \$119 value!)

Specifications:

- Size inflated: 10' 10" long x 29" wide in middle x 4" thick
- Size deflated: Roll to 18" dia x 30.5" tall
- Weight (SUP only): 23 lbs.

SAMOA SUP Board features includes:

- Fins: Tri-fin configuration. Use 1, 2 or 3 fins. (Fins are removable without tools.)
- Sturdy "D" ring at tail for board leash attachment (For safety reasons, you should use leash to prevent board from blowing away if you fall.)
- Four smaller "D" rings on bow for attaching life jackets and/or other items.

SUP package includes:

- Hand pump 2.0 liter.
- Pack with carry straps.
- Patch kit with tool to tighten the air valve. (You will need to purchase glue at a sporting goods store.)

DA KINE SUP PADDLE SOCK

Da Kine's SUP Paddle Sock fits paddles up to 84" (213cm). It is constructed of soft and durable woven silver polyester cloth with a drawstring closure and webbing handle.

32-6679 \$30.00

DA KINE SUP PADDLE BAG

Fit up to two paddles in Da Kine's SUP Paddle Bag that adjusts from 70 to 84" (178-213cm). The bag is constructed of durable 600D polyester with 1/4" foam padding and a heavy duty, corrosion-proof zipper. A detachable, adjustable shoulder strap/handle makes carrying easy.

32-6676 \$35.00

DA KINE SUP PADDLE COVER

Protect your paddle's blade with Da Kine's durable 600D polyester cover with 1/4" foam padding and heavy duty, corrosion-proof zipper.

32-6678 \$16.95

A. KONA SUP PADDLE 2-PIECE HYBRID 82"

- Maximum length: 82"
- Weight: 2 lbs, 5.5 oz
- Shaft: Light, strong, smooth glass/carbon composite.
- Paddle blade: Strong, flexible plastic composite. (Flex, feel and hardness are "forgiving"... "recreational.")
- Lower section with paddle blade: 43.5"
- Upper section with ferrule and unglued "T" handle: 42"*

*You can cut to suit, then glue on the handle. We will cut and glue if you tell us your desired length (\$10.00). Recommended Length: 9"-12" more than your height; usually a little too long or too short is not a problem. Once cut, paddle is not returnable unless defective.

62-0402 \$119.00 (add \$10 for cut and glue service)

PEAR GRIP HANDLE

Fits 1" ID tube of #62-05 aluminum SUP paddle and #62-0403 Kona hybrid paddle.

62-0501 \$8.95

Paddle sold separately

B. SUP ALUMINUM PADDLE ONE-PIECE

Aluminum stand-up paddles are the most economical SUP paddles! This paddle has a nice aluminum shaft that is strong, yet light, and features a comfortable, ergonomic "pear" end grip similar to those on top-of-the-line paddles. The sturdy, 9"x20" plastic paddle blade has a 12-degree offset for stand-up paddling. Choose from overall lengths of 73" to 85" as indicated. Please inquire about other sizes that may be available.

OVERSIZED SHIPPING RATES APPLY
\$70.00

- 62-0573 73" LOA, weighs 2 lb., 2 oz.
- 62-0576 76" LOA, weighs 2 lb., 3.5 oz.
- 62-0579 79" LOA, weighs 2 lb., 3.5 oz.
- 62-0582 82" LOA, weighs 2 lb., 5 oz.
- 62-0585 85" LOA, weighs 2 lb., 5 oz.

C. KONA PADDLE BAG

This convenient, economical paddle bag is full of features! The 47"-long bag holds two Kona paddles. Its zipper closure, carry handles and shoulder strap make it ideal for travel.

62-0403 \$19.95

PADDLE BLADE BENT SHAFT

Fits 1" ID tube of #62-05 aluminum SUP paddles. The 8" size comes standard on 73" paddle; 9" is standard on all longer paddles.

- 62-0502 8" x 20" long \$14.95
- 62-0503 9" x 20" long \$16.95

D. WERNER SUP "SPANKER" PADDLE CARBON 85"

The Werner Spanker was the first SUP (Stand Up Paddle) to combine light, buoyant performance core shaft with the powerful 12-degree bent design blade. The Werner shaft is durable carbon construction with light swing weight and an oval index for added control. The ABS T-grip is designed for maximum blade control and great durability. The Werner Performance Core blade (19.5" x 9.25") is light and buoyant in aerated water for enhanced performance, with tough Dynele™ edging for greater durability. The light spoon shape at blade tip provides a catch that is smooth and quiet. Dihedral back reduces blade flutter for a stable stroke, for more comfort, and less fatigue.

The 85" 1-pc paddle is sold as a "U-Cut & Glue" product. (T-handle needs to be glued & glue is not included). Murrays will cut & finish to your desired length for a nominal fee. Werner's recommended lengths: add 8 in for surf and 10 in for touring over height. Once cut, the paddle cannot be returned because customer chose improper length. The weight for size 85" straight 1-piece paddle is 20 oz.

OVERSIZED SHIPPING RATES MAY APPLY

- 62-0002 One-piece 85" \$299.00*
- 62-0003 Two-piece \$329.00*

*Add \$20 for cut and glue service; please specify finished length in inches.

SUP PADDLE GUARD KIT

Easy to apply, stick and paddle! Designed to protect the paddle blade from damage. Will not affect the performance of the paddle. Kit includes urethane tape, glue and instructions.
62-0600 \$24.00

SUP PRO TECK POWER FLEX 9" FIN

Power Flex is a Pro Teck Fin with a medium core flex. The fin bends on turns and then springs back, creating forward thrust similar to a swim fin. The medium flex core and flexible trailing edge makes the board turn smooth and fluid, with continuous speed. Power Flex Fins are recommended for intermediate to professional surfers.
62-0609 \$56.00

MONSTER PAINT CLEAR TRACTION

Clean, clear traction that lasts! This is the ultimate spray-on clear traction with lasting durability. Use on SUP boards and paddle shafts, surfboards, windsurfers, kiteboards, skimboards and skateboards. One spray can will coat two boards and two paddles. Allow 18 hours to cure completely. Sorry, air shipment is not available for this item.
40-2101 \$21.99

DA KINE SUP TRACTION PAD

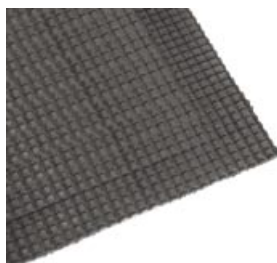

Lightweight, grooved EVA foam gives the best grip and shock absorption. The pre-cut two-piece pad measures 24.5" x 89" (62cm x 226cm) and can easily be trimmed for customization.
32-6677 \$110.00

HYDRO-TURF™

Hydro-Turf with 2-way, machine-cut grooves (waffle pattern) is 3/16" thick and offers the best traction. Apply with contact cement. Comes as 36" x 50" sheet; half (18" x 50") and quarter sheets (9" x 50") are also available at a proportional price.

- 41-2991BK Black \$65.00
- 41-2991BL Blue \$65.00
- 41-2991GR Grey \$65.00
- 30-2011 Contact Cement— 1/2 Pint \$11.95
- 30-2020 1" Bristle Brush \$1.00

DA KINE KAINUI 12' LEASH WITH CUFF

Da Kine's 12' leash has a maximum strength 5/16" urethane cord with precision molded fittings and double brass swivels. It also features a quick-release 2" cuff, triple-wrap rail saver and a key pocket in the cuff. Pull the easy-release leash release pin for quick release in an emergency.
32-1268 \$32.50

SUP RAIL TAPE KIT

A clear, tough protective grip tape for the rails of SUP boards to protect rails from nicks and scratches. Provides excellent grip for the rails. Kit includes two 3"X72" clear rail tapes, nose guard primer, and easy-to-follow instructions.
62-0601 \$40.00

EZ-PLUG HANDLE

Easily install a handle where you want it on an SUP or other fiberglass marine craft. Its peel and stick back makes the handle quick and easy to apply with no tools or drilling required. Great for curved and flat fiberglass surfaces. The handle features a durable weather-proof rubber handle and webbing with strong nylon cord that is knotted for easy removal of handle. This flat model handle is firm and lays relatively flat on surface. Includes one black E-Z plug handle that holds up to 60 pounds.
62-0621 Flat \$24.00

QUICK FIX RUBBERIZED DING REPAIR KIT

Perfect for soft foam boards, leash plug applications and small repairs! Rubberized Quick Fix is a very strong, flexible adhesive sealant that is designed to repair and seal tears and dings on body boards, fins, wet suits, and traction pads. Kit includes tube of Rubberized Quick Fix, wooden applicator, sandpaper, sticker and easy-to-follow instructions in a recloseable plastic bag.
62-0603 Kit with 2-oz. Tube \$9.00
62-0602 Kit with .5-oz. Tube \$4.00
